

Privacy Policy

Last Modified: 01/03/2014

1. Diabetes Studio has its commitment to respect your privacy

1.1 Our Privacy Policy was developed as an extension of our commitment to combine quality products and services with integrity in dealing with our clients. The Policy is designed to assist you in understanding how we collect, use and safeguard the data you provide to us and to assist you in making informed decisions when using our products and services.

1.2 By using Mobile Application (the Mobile App), you consent to the collection and use of your data by Diabetes Studio as described herein. Diabetes Studio reserves the right to change how we handle the information we collect through the Mobile App at any time.

2. Collection and use of Personal Information

Personal Information collection:

2.1. Information that you provide by filling in forms in the mobile application. This includes information provided at the time of registering to use our mobile application.

2.2. If you contact us, we may keep a record of that correspondence.

Personal Information use:

2.3. Diabetes Studio has no access to the records or personally identifiable information you store on your phone. We cannot and will not have any access to anything you have entered into your Phone.

2.4. We use personal information collected through Diabetes Studio account to enable the services provided through Diabetes Studio and as described in this Privacy Policy. In support of these uses, we may use personal information to:

- Provide you with important information about Diabetes Studio, including critical updates and notification
- Send you Email alerts

2.5. We may need to share personal information in order (i) to comply with the law (e.g. a legal process or a statutory authorization), (ii) to protect or enforce our rights, or (iii) as part of a reorganization, consolidation, merger, or transfer of substantially all of the assets of Diabetes Studio.

3. Data protection

3.1 Mobile App can be downloaded via an Online Store - a registration is necessary for this. The Online Store's privacy policy, which Diabetes Studio has no influence over, applies hereby.

3.2. The following data shall be required during the use of the services of the Mobile App: name, email address, gender, date of birth, diabetes type. The data is saved primarily on the end device of the client. During the existing Internet connection the above indicated data shall be transferred to Diabetes Studio and stored on our secure servers for backup and storage purposes. Where you have chosen (or where we have given you) a password which enables you to access Mobile App, you are responsible for keeping this password confidential. We ask you not to share a password with anyone.

3.3. Diabetes Studio do not transfer any client data to any third parties or personal ends and is responsible for its security.

4. Information Security

4.1 We work hard to protect Diabetes Studio and our clients from unauthorized access to the information we hold. In particular we use account activation tool to verify the email address for new account creation in the Mobile App.

5. Providing links to other websites

5.1. At this point we do not provide links to other web sites. But in all likelihood we will have advertisements in the future. That is how we keep this free for the clients. Diabetes Studio may provide links to other websites or resources of possible interest to you in the future. Because we do not control unaffiliated websites to which we provide links, the collection and use of your personal information and other information by such websites shall be subject to the policies and procedures of such websites and not this privacy policy.

6. Changes to Diabetes Studio Privacy Policy

6.1. Your registration into our Mobile App means that you are accepting the practices set forth in this policy. We reserve the right to make changes to the policy by posting the new version with a new effective date.

6.2. Any changes we may make to our privacy policy in the future will be posted on our Website and, where appropriate, notified to you by e-mail.

7. Contact

7.1. Questions, comments and requests regarding this privacy policy are welcomed and should be addressed to contacts@diabetes-studio.com
